* Effective July 27, 2021, the campaign finance laws were amended by Act 737 of 2021 to require a candidate to file an annual C&E report for each year in which a candidate is not listed on a ballot for election. The annual report is required to be filed no later than 15 days after the end of the year. A candidate is not required to file an annual report if he or she has not received contributions or made expenditures in excess of five hundred dollars (\$500).

** A candidate is not required to file a preelection report if he or she has not received contributions or made expenditures in excess of five hundred dollars (\$500). In calculating the amount of contributions received or expenditures made for purposes of this exception, the payment of the filing fee from the candidate's personal funds shall not be considered as either a contribution or an expenditure. Once the five hundred-dollar (\$500) threshold has been met, however, a candidate who has used his or her personal funds to pay the filing fee is required to report same.

*** A final report is required regardless of whether a candidate has received contributions or made expenditures in excess of five hundred dollars (\$500).
