Proposed Amendments to the Rules on Conflicts

The purpose of these proposed amendments is to bring the Rules on Conflicts into conformity with the legislation passed during the 94th General Assembly of the Arkansas Legislature. Act 883 of 2023 gave the Ethics Commission some oversight over the enforcement of Title 6, Chapter 24, which deals with school district board members, administrators, and employees. These amendments are taken from the language of Act 883 of 2023.
